

INFRASTRUCTURE DEVELOPMENT COMMITTEE

Preamble:

The provision and maintenance of infrastructure is a basic necessity for any kind of organization. So is the case with universities. At university level, the need for infrastructure and its maintenance over the time is highly required due to changing nature of teaching learning methodologies and ever increasing demand. For the purpose an Infrastructure Development Committee is formed to ensure that the University develops and maintains a physical infrastructure appropriate to a leading modern University and optimizes its use of space. The committee is formed to deal all issues concerning future development of the physical infrastructure of the university.
